

Schedule of duties

Organisation: Mauritius Cane Industry Authority

Post: Terminal Operations and Maintenance Officer (Mechanical)

- Duties:**
1. To undertake and supervise all repairs, maintenance and operation of the mechanical equipment (fixed and mobile) of the Terminal under the direction of the Engineer (Mechanical).
 2. To supervise the work of Senior Terminal Operators, Terminal Operators Grade I, Terminal Operators Grade II and Terminal Attendants under his supervision.
 3. To prepare detailed reports and make appropriate recommendations to the Technical Manager and/or the Engineer (Mechanical) on mechanical engineering matters relevant to the operation and maintenance of the Terminal.
 4. To use ICT in the performance of his duties.
 5. To perform such other duties directly related to the main duties listed above or related to the delivery of the output and results expected from the Terminal Operations and Maintenance Officer (Mechanical) in the roles ascribed to him.

NOTE

Terminal Operations and Maintenance Officer (Mechanical) will be required to work on shift to ensure the continuous operation or emergency maintenance of the Terminal.
